District Highlights for the month of August :

Howdy, from Districts 1 & 3. This past month we held our first hybrid meeting. We thank Ryan for coming out and assisting with the set up. Prior to our meeting we had our usual GSR orientation hybrid style. The meeting commenced with concepts, traditions and executive reports. Our meeting was really fun as we held a district trivia night. We had several questions provided by members of the district. The members were given two minutes with one person then asked to switch this went on for about forty five minutes. As the meeting was collaborating and enjoying themselves they also learned and were able to work together to try to figure out the answers to the questions. The next month at random we will be giving away six items from GSO at random since everyone's a winner in district 1&3. The meeting ended at 9pm.
