District Highlights for the month of June :

Howdy, from Districts 1 & 3. This past month we held our meeting on zoom. Prior to our meeting we heard a talk from Bill W in regards to founders day. The main meeting began and we heard reports from the executive board. We are pleased that all members are very involved. OUR cpc chair handed out Grapevine subscriptions to Torrance Memorial Social Work Department. Our website committee reviewed the current information and referrals regarding COVID-19 and a member agreed to rewrite a portion of the information to more clearly reflect current conditions and to make the information more useful to meetings navigating the current environment the committee agreed to post the list of motions and resolutions. The bulk of our meeting was consumed by the GSRs giving 2 minute reports on the status of their home groups. We were able to have our members work together in solving problems. Great meeting and we will continue serve both districts.
