Committee Highlights

Since the last Area meeting in September I have attended the Bridging the Gap Workshop Weekend held in San Diego. That event was very informative and we gathered ideas and information from other Areas across the U.S. and Canada. Also in attendance was one of our committee coordinators. Brenda B, Treatment Facilities desk from GSO in NY was one of the Guest Speakers.

Our committee held it's bimonthly meeting on 9/22 where we had 9 in attendance and had discussions regarding the development of our committee to reach short term goals.

Today we had our meeting and there were 11 in attendance. We had three new members join our committee. We also had a visitor, Joseph from Archives.

Currently our committee is working on creating Area specific literature for the Bridging the Gap program and Treatment Facilities. Our coordinators are reaching out to all districts DCMC's to get participation at a district level. We have and are updating list of all treatment centers that reside in our Area 9. We have updated our website www.area9btg.org, created QR code and forms to gather Temporary Contact Volunteers for the Bridging the Gap program.

We are constantly looking to add to our list Temporary Contacts for Bridging the Gap. There is a signup form at www.area9btg.org. We are also looking for Committee Members, please email our TFC Chair at treatmentfacilitieschair@msca09aa.org.
