

### 7th Annual Hispanic Women's Workshop Report

Chair, Tlalli H.

Thank you for allowing me to serve as your liaison to the Hispanics Women's Workshop.

The event started on December 2, 2022 at a San Diego local group Point Loma 3045 Rosecrans St. Suite 309 San Diego CA 92110 where they hosted a meeting for the women attending the workshop, a count was taken of the attendees that night to averaging 75 women in attendance that night. The women were in good spirits and shared their stories of strength and hope to the alcoholic women present. On the following day December 3, 2022 I attended the 7th annual Hispanic Women's Workshop. At the door there was a contributions basket and registration was done at the door. The event started with a brief history of the previous workshops followed by the liaisons experience with this year's event. As this year's area 09 liaison I was overwhelmed with emotion of gratitude unlike never before to have experienced fellowship with other Hispanic women alcoholics that shred in my path to another year of recovery by the grace of my high power. The event had speakers from the different participating areas which were 05,06,07,08,09 and 93. According to the host area 08 each year the HWW continues to grow in attendance from Hispanic women around the U.S. and some from Mexico. The event was both in person and via Zoom where approximately close to 300 women attended the meeting and interpretation was provided in english. The workshop had an interactive discussion of several topics regarding the three legacies of AA. The 2023 host committee was present to inform the attendees of next year's event being held in Los Angeles county. The 2024 host area was also selected by a draw of the hat and lucky area 06 will be hosting it in the San Francisco area. The area 09 Hicpanic women present were very motivated to host the next workshop and a committee was formed that day but we were not selected. I was very nervous after I said yes to hosting this size of event but there was other alcoholic woman with experience with this type of event so I knew it would have been a great experience. Thank you for allowing me to be of service. I learned that I can experience love through unity with other alcoholic women.

Thank you,  
Tlalli H.
